HLW Wr. Neustadt – 8th General Lyceum of Athens

a creative cooperation

Athens, 13 – 14 October 2026

1st Day

Welcoming

In our school, the 8th General Lyceum of Athens, we had the great pleasure to welcome two teachers, Miss Marion Pöltl and Mr. Celik Kyhan with 30 students from HLW Wr. Neustadt.

We have been glad to guide them to our school, to introduce them to our teaching staff, to show them our school and the way we live and work in our school. The teachers had the opportunity to exchange information about the operation and activities of the two schools and the students took short classes together.

2nd Day

Workshop

We held an imaginative and creative theater workshop. On the occasion of a Greek word, the word *Χορός,* (a word with a double meaning), we were taught, inspired, creative and had fun.

a. theory

We watched a concise and comprehensive Power Point Presentation, by Mr. Tsaknakis.

We learnt that Chorós (Χορός) in ancient Greek Drama was a group of people expressing public opinion, interacting with the protagonists, linked by a common condition. We discovered that – even nowdays – we find similar groups *(Χορούς)* everywhere :

the Concave of Pop, the members of a Parliament, a choir in Church, people in a demonstration, a queue in front of an ATM, people at a bus stop, refugees on a boat, a football team, pupils in a school class, etc.

b. the challenge

Then we had to make our own groups, pur own *Χορός* : Each one group had to create a short story, with or without words, give a tittle to it, and prepare a small performance, using any theatrical props or costumes from a limited amount of available material.

c. the preparation

We made our groups and started creating our little stories, collaborating, inspired from each other, by becoming creative.

Our teachers were waiting for the result with impatience.

d. the performances

Finally! Here we are! The groups presented their little performances, as follows :

- 1st group : Max, Peace, Rafael, Jonas, Nikos, Konstantin, Ahmed, Sebastian, Joel.

1st groups's plot : **"The abusive teacher".**
Χορός : students in the class.

In a class of five students the teacher sets a problem and four of the students get it wrong, so he scolds them.

But the inspector of Education walks and fires him.

2nd group's plot : **"The school crush".**

Unfortunately, it turns out that the "best" friend was dating the crush.

- 3rd group : Kalhi, Isabell, Nadjara, Sarah, Adele, Tamvil, Precious.

3rd group's plot : **"The wedding day gone wrong".**

Χορός : the relatives.

Isabell is about to marry Fernando but, right before they exchange rings, Nadjara appears and reveals that Fernando has an affair with her in the same time. Isabelle ends up hurt.

Her father is angry at Fernando's mother and her sister is furious at Nadjara.

Fernando lost both women and his child, as well as his mother's trust.

4th group's plot : **"The marriage".**

Χορός : the priest, representing the church.

Anika and Lily are getting married. Miriam loves Anika and doesn't want her to be with Lily, so she slaps her, knocks her out and Ervis comes and slaps her.

Anika and Miriam live happily ever after.

Finally, they cooperate successfully.

6th group's plot : **"cool snitchels"**

Χορός : the kidnappers

It's about a couple with a baby and their friends kidnapped their child.

The family members found the baby and brought it back.

The **"8th films"** group of the reception school,
Melina, Irene, Ioanna, Nefeli, Ervis and Fabio
covered the activities of this workshop with photos and videos,
so that we may remember this lovely meeting with our new friends.
