

Lithuanian Presentation

After the welcome to our school we went to the amphitheater and the **Lithuanian presentation** begun.

- At the beginning their English teacher told us that it was a national day for their country the **day of independence** and that on Wednesday was going to be the day of restoration of independence.
- After that their teacher explained their schedule and then we started playing some **games** that they play in Lithuania and before each game one of the Lithuanian students would explain the game and why they play it. Most of us got to participate to those **wonderful and extremely fun games**.
- Then after a few games we had a small break in order to get to **interact** with each other and we took some pictures we talked.
- When break time was over we started playing games again. Most of the games we played were really energetic and they told us that was because Lithuania is a very cold country so people play games that will help them get a little bit warmer!

We loved the Lithuanian Presentation and we had a great time!
